

Hi everyone

First of all happy new year to you all. I apologise things have been a bit quiet this month but as usual things have been little hectic.

An update on the last meeting for those who attended; unfortunately Andy Horner lost the e-mail with all your addresses. He has apologised and I re-sent them all this week so you should hear something from him soon.

The next forum is pencilled in for 9th March when the DIA will be coming down to update us on the latest in the industry and probably give us an update on the various courses that they have available and also a more definite plan for the PTLLS course. I also hope to spend a little time on the use of reflective journals and how they should supplement any CPD that you do.

The venue is likely to be in the Chichester area but is yet to be confirmed - watch this space!

I would like to thank Paul Witheyman whole heartedly for the fantastic amount of work that he put in to make the charity dance night such a success last Saturday. The evening raised £1048 with further donations still trickling in - absolutely superb!

Two reminders:

Firstly the skid pan event at Goodwood on the 13th February still has 4 places available. Please, please help me fill up this course, it is terribly frustrating when interest is shown but when it comes to committing it goes very quiet.

Secondly the xmas meal on the 19th February is selling well. If you do want to come get your skates on as Marshall would like the bookings in by the end of this month - thats 4 days left folks. See the website for more details which is at the bottom of this e-mail.

Please keep an eye on your e-mails for details of the forum.

Keep busy

All the best

Rob
