

Hi everyone

Sorry things have been a little quiet lately, usual excuse - very busy.

First of all I would like to thank all those members who came to the last Forum. It was a very interesting evening and to hear first hand from someone who has experienced using total coaching first hand. I would like to thank Lou Bruton for being brave enough to come along to our meeting and share her experiences. It certainly provoked a lively debate and got those with an open mind certainly thinking about the use of coaching. I would like to thank the members for the respect that they showed Lou. Also thanks to Helen for instigating the meeting.

The next Forum is on Monday the 18th July at Palatine School, Palatine Road, Goring-by-sea. Doors open at 6.30pm for a 7pm start. I have invited Wendy Staveley along who is from HMRC (Her Majesty's Revenue & Customs) to give a presentation on doing the self assessment tax return and any issues that are particular to our line of business. She will also plug the benefits of doing your tax return on line. After the presentation she will hold a Q&A forum to answer all those questions. Don't worry you can all remain anonymous!!

We will also be presenting Nick Dry the headmaster with yet another cheque due to the fantastic efforts of Paul Witheyman. Thank you by the way to all those ASDI members who turned out for the quiz night, what a great evening and a marvellous turn out.

I would like to take this opportunity to bring your attention to the annual ASDI Golf Charity Day which is on Friday 2nd September at Lewes Golf Club. The details are attached. I know for some of the membership Lewes seems miles away but if you enjoy your golf or even just dabble once in a blue moon please come along and join in, it is a fantastic day. Remember Richard Turner who is organising this event lives in Lewes but always tries to find time to come out to our meetings and events in Worthing, Bognor and Chichester so please make the effort and return the favour!

Just a reminder about the Tank Museum weekend - it is Saturday and Sunday week 25th and 26th June. Since we re-arranged the dates NOBODY has put their name forward so consequently I did not hire a bus. However I am going down on the Sunday with my family, let me know if you are coming along. Details can be found on the Tank Museum website and Tony Oxbrow who will be there has promised plenty of action and a FREE tank ride!

Finally I am considering organising another skid pan event for August, cost around £45. Please let me know over the next fortnight if you or anyone you know is interested.

All the best
Rob
